TRUSTED BY COMPANIES LARGE AND SMALL

PLAYFUL EXPERIENCES FOR PROFESSIONALS

Clients love using us because their people have so much fun, they don't even realize they're actually accomplishing something. Our games put a spotlight on the team's diversity and give everyone the chance to be the hero. For a game show extravaganza, a pub crawl scavenger hunt, a lively competition on the beach, or an Amazing Race experience, we're the premiere source for real life games in California and beyond. Check out testimonials from clients like you who LOVE working with us:

"Wise Guys Events ran a fun, interactive game at Google LA's holiday party last year. It was really successful in engaging 200 supersmart but skeptical engineers. I'm looking forward to another one of their games."

Katharine N.

"I as well as my co-workers are still raving about what a GREAT time we had from the beginning right to the very end. If you're searching for the PERFECT Team Building experience look no further"

Rose L.

"Successful in every aspect! Many companies out there need to break down their silos, and having fun with one another is a great way to do that and build a better, stronger team."

Rebecca K.

TRUST FALLS?**

LET US MAKE YOU LOOK GOOD

If planning spectacular team building were easy, you'd do it yourself. You tell us how many people and when and where you want to play, and leave everything to us. People love our intelligent, fun games and what's more, they love way we drive home the benefits in a way that sparks engagement, builds camaraderie, and sends office morale skyrocketing. For more on those benefits, see **THE BONUS ROUND:**

THE BONUS ROUND

Our programs are **fun first** and **fun forward**. But with so many ways to plan something fun for your group, what makes Wise Guys Events different? Why is choosing us the best way to achieve your goals?

For many of our clients, the answer is The Bonus Round. We feel so strongly that the Bonus Round will enhance your experience that we automatically include it in all our pricing and recommended programs.

So what is it?

After your game is through, the Bonus Round is our post-event debrief. You could call it a rap session, or a facilitated after-action review. It's the opportunity to unpack what we saw and observed while playing together, what that means, and how it translates to the fundamentals of this group and its operations. We pull the chairs in a circle and we gab. Sounds simple, right? You'd be surprised how impactful it is to provide an opportunity in the moment for real, vulnerable conversation about what just happened. And of course, our trained facilitator keeps things on track.

If your group is serious about leveraging culture to bond your team, boost morale, improve communication, foment a sense of shared purpose, and turn up engagement, we can help! We tie the successes and failures from the game into your team's story. Employees return to the office inspired, engaged, renewed, and ready to achieve. For maximum impact, we recommend adding the Bonus Round to your game. **Fee starts at \$499 for 25-65 minute Bonus Round.**
